- Students remain logged into this meeting until 12:15 p.m. each day, even when working independently.
 - This will allow students to move in and out of small groups with ease.
- Keep in mind that this schedule is our “best thinking” at the moment.
 - As we begin distance learning we may need to make adjustments.
- Note that if it is not your child’s turn to be in small group instruction with the teacher, he/she will be doing independent work.
- We have a short 10 minute whole group break planned during the day.
 - Teachers will incorporate brain break activities throughout the day’s learning.
 - Keep in mind that if your child needs an additional break, this can be taken while he/she is doing independent learning.
- Lastly, we remind you to please be flexible and courteous.
 - Distance learning is a new adventure for all of us!
