

We are so excited to begin our new adventure together next school year!

Mark your calendars! Kindergarten Orientation will take place the first day of school on July 21 from 9 am - 11 am.

Incoming Kindergarten testing will take place the first two weeks of school. You will have an opportunity to sign up for a time slot that first day of orientation.

Please scan the QR code below for more Kinder specific information on those first two weeks of school, a special message from the Kindergarten Team, as well as access to some helpful resources to use over the summer with your child to prepare them for Kindergarten.

Resources are available for both English and Dual Immersion classes.
